

Ontario Genomics-CANSSI Ontario Postdoctoral Fellowship in Genome Data Science

CALL FOR APPLICATIONS

Ontario Genomics and CANSSI Ontario invite postdoctoral fellows (prospective or current) to apply for the Ontario Genomics-CANSSI Ontario Postdoctoral Fellowship in Genome Data Science. Applicants must be pursuing research in the areas of statistical genetics, genetic epidemiology, or environmental epidemiology, and based at a CANSSI Ontario partner university or at their affiliated research institutes.

Application deadline: November 1, 2022

We seek to support research projects that focus on statistical methodology and tool development, including computational tools. We encourage applications from candidates combining 'omics data with other data to overcome challenges, especially as it applies to the environment and climate change.

Funding and tenure

Up to two years at \$50,000 per year.
